### Allies Engaged In Greatest Ground Operation of War

### OCCUPATION OF PENINSULA IS COMPLETED

End of 5-Month Campaign Which Cost Japs 14,000 Men Announced By Gen. MacArthur

### ISSUES ARE BIG HELP

Allied Headquarters in the Southwest Pacific, Feb. 11—(AP)—Complete occupation of Hondo Peninsula, New Guinea, and the end of a five-month campaign which cost the Japanese a division of 14,000 men was announced today, Douglas MacArthur today, Australian troops, including tanks of the North African campaign, and American soldiers, of whom had triumphed over the Japanese at Buna on the Hondo Peninsula of New Guinea, joined forces on a hot, flat plain yesterday, chopping another piece of Japan's captured territory.

The Aussies had fought and cut away through the jungle for miles along the coast, since the campaign with a long north of Finschhafen.

The Americans, units of the Division, invaded Sander the sea Jan. 2 and then moved the coast 14 miles to the north, where the Australians joined yesterday.

Gen. Douglas MacArthur's campaign, the great bulk of the Japanese division, a consisted of three infantry regiments, a field artillery regiment, two engineer regiments and heavy services, had been decimated in the squeeze action in the preceding joining of the Allied forces.

MacArthur created the Allied force and light naval units to assist in the victory, for destroyed the Japanese along beach routes, making it impossible for the Japanese to supply, and causing death by starvation for hundreds of Japanese. S. Pacific Fleet Headquarters, Pearl Harbor, Feb. 11—(AP)—The planes, Mitchell medium bombers, Dauntless dive bombers, Liberators and navy search planes are teaming up with the heavy bombers in blasting away at the Japanese-held Marshall Islands, which are being imperiled by American quest of Kwajalein.

Adm. Chester W. Nimitz disclosed that on Monday, Tuesday and Wednesday planes of a wide category dumped 114 tons of explosives on enemy bases in the mid-Pacific group; navy bombers on Tuesday and early Wednesday pounded the island and barracks on Wake Island, and warships during the night period bombarded "two-filled atolls."

Wake, which is in a position to support the supply-severing bases in the Marshalls, was a target. The Coronado, which gave Wake its 12th of the war, scored effective and all got back safely.

Back the Attack—London, Feb. 11—(AP)—The German-controlled Oslo radio asserted that the British now are rocket guns to defend London at aerial attack.

Delhi, Feb. 11—(AP)—Allies in Burma have smashed enemy positions and recaptured the town of Taung Bazaar. Japanese forces took in a surprise attack last Friday, a mine from the headquarters of the 1st Lord Louis Mountbatten.

London, Feb. 11—(AP)—Premier Joseph Stalin in a letter to Prime Minister Churchill has voiced the Russian opinion that the British and the government in London and the Soviet Union is to offer little hope of an end to the knotty Polish situation, it was reported today.

Washington, Feb. 11—(AP)—Service officials and the military committee are considering a tightening up of the rules for farm workers.

### DEVASTATING ASSAULT ON FRANKFURT

American Flying Fortresses Blast Industrial Center Second Time In Four Days

### FRANCE IS ALSO HIT

By AUSTIN BEALMEAR  
London, Feb. 11—(AP)—American Flying Fortresses blasted Frankfurt-on-the-Main with tons of high explosive again today, striking the already hard hit southwest German industrial and transport center for the second time in four days and the fourth since Jan. 29.

While this devastating assault to flatten Frankfurt was in progress, Liberators again operated independently of the forts, slashing at military installations in the Pas-de-Calais area and American bombers in their ninth operation in 11 days struck other targets in the "rocket gun" sector of northern France.

Today's operations kept the unprecedented Allied aerial assault going through yet another 24-hour cycle and followed up yesterday's mighty attacks on the German manufacturing city of Brunswick and the Goize-Rijen air base in Holland, high precipitated furious air fights in which American heavy bombers and fighters were credited officially with downing 84 enemy planes.

Mustang, Lightning and Thunderbolt fighters escorted the Fortresses to Frankfurt, and other Thunderbolts covered the Liberators on their run to France. Heavy bombers of the USAF now have struck continental objectives in 12 of the past 15 days.

The rumble of explosions rolled back across the English channel this morning as the bombers hit the Pas-de-Calais area. The daylight forays came in the wake of RAF Mosquito attacks on western Germany and mine laying in German waters from which all RAF planes returned safely.

### McCormick Is Not After Nomination

Chicago, Feb. 11—(AP)—Although petitions have been filed to put his name on the Illinois primary ballot as a candidate for the Republican presidential nomination, Col. Robert R. McCormick said today he will not enter the contest.

In a letter to Capt. William J. Grace, secretary of the Republican Nationalist Revival Committee, the Chicago Tribune editor and publisher said he decided against allowing his name on the April 11 ballot "while not participating actively in the canvass."

The committee last Saturday, in what Grace said was a "draft movement," field nominating petitions to place McCormick's name on the ballot—without his signature.

Back the Attack—Hike Sunday  
The Allegheny Hiking Club expects to have its usual Sunday afternoon hike next Sunday, meeting at 2:15 o'clock at General Joseph Warren Park. The trip will be governed by the weather, and several routes are under consideration.

Back the Attack—Display the Flags  
Tomorrow is Lincoln's Birthday and it is suggested that all flags in the city be displayed. The banks, State Liquor store, Court House, stock markets will all observe the holiday and will be closed throughout the day.

Briggs, Mrs. Lester Hale, Mrs. Peterson and Mrs. Richard Loper assisted in the serving. After luncheon films were shown under the direction of Chester Seymour and Jay Pees, showing various phases of the Boy Scout and Forestry work. Dr. O. D. Burke, of Pennsylvania State College, followed as speaker on the topic of "Potato Disease Control," a subject of special interest to the growers. The program was concluded by C. F. H. Wuesthoff, Executive Secretary and General Manager of the Pennsylvania Potato Growers' Association, who spoke on "Potato Marketing Through the State Association," and led a discussion by the members of their needs and plans for the coming season, which was most helpful and informative. Mr. Wuesthoff has special cognizance of the problems of the growers if Warren County for he worked in this county for some time.

Back the Attack—More Snow Said To Be On the Way  
A heavy, wind-whipped snow storm struck the northeastern part of the United States today while in a wide section of the already snow-blanketed Midwest the season's most severe cold wave drove temperatures far below zero. Eight to 12 inches of snow was predicted for New York City.

Trains arriving in New York City from western, southern and northern points were running as much as two and a half hours behind schedule. Virtually all airplane flights out of La Guardia Field, New York, were cancelled. In the midwest, temperatures dipped to as low as 42 below zero.

### Warren County Fourth In State In Bond Drive

Warren County's standing in the Fourth War Loan was revealed in figures released from the Warren County War Finance Headquarters this morning. These figures, based on sales through February 9, show that Warren County stands fourth in the state on percentage of total quota attained. In the 19-county Fort Pitt area, Warren County stands second. Warren has reached 92% of its total quota of \$3,504,000 with sales totaling \$3,222,000. On "E" Bond sales, Warren now has 52% of its quota of \$803,000, or \$420,000. These figures are encouraging, and should spur every Warren Bond volunteer worker and every person in Warren county on to a final effort in the few remaining days of the drive.

### Famed Mimic Faces Charge Of Conspiracy

Charley Chaplin Accused of Violation of the Mann Act

### SIX OTHERS INVOLVED

Los Angeles, Feb. 11—(AP)—Slight, white-haired, dapper Charley Chaplin, who as the lovable little tramp comedian used to play with deft fingers on a world's heartstrings in the realm of film mimicry, faced today the stern reality of a federal indictment charging him with Mann act violation.

The 54-year-old, four-times-married comedian was accused of the additional felony of conspiracy as a federal grand jury late yesterday concluded a long inquiry into his relationships with red-haired Joan Berry, 23, Chaplin's former protegee who asserts Chaplin is the father of her 4-month-old daughter.

Six others, including several persons prominent in fashionable Beverly Hills, were indicted along with Chaplin for an asserted conspiracy to deprive Miss Berry of her constitutional rights following her arrest on a vagrancy charge January 2, 1943, in Beverly Hills. Chaplin was in seclusion but his attorney, Jerry Geisler, said the comedian would surrender to the U. S. marshal Monday, adding an appeal that the public withhold judgment against the film star "until he has had his day in court."

Named with Chaplin are Beverly Hills City Judge Charles Griffin who after Miss Berry pleaded guilty to vagrancy, sentenced her to 90 days in jail, suspended her for 90 days, and (Turn to Page Eleven)

### Two Tots Drown In Water In Ore Hole

Holidaysburg, Feb. 11—(AP)—Arm in arm, Susan Carol Porter and Ann Tierney, both four, blithely left their homes to play in the nearby woods.

Still arm in arm—two and one-half hours later—their bodies were found in a water-filled ore hole, ending a search over the countryside by 1,000 firemen, Boy Scouts and neighbors.

Dr. Daniel Replogle, Blair county coroner, said the tragedy occurred last night when the children drowned after falling through ice covering a pond several hundred feet from their homes in nearby Sylvan hills.

The Porter child was the daughter of Commander George Porter, a Pittsburgh native, who has earned the Navy Cross, a presidential citation and several other decorations as a submarine captain in the South Pacific. Mr. and Mrs. Joseph T. Tierney are parents of the other victim.

### More Snow Said To Be On the Way

Back the Attack—Final plans for the organization of the Boy Scout and Cub "gleans" after the reaper" effort in the fourth War Loan drive were completed and made known to the unit leaders late yesterday, it was learned this morning at the Boy Scout Office. Each Troop and Cub Pack in Warren county have been given a definite "war service area" to cover, and according to Scout Leaders, the boys will be out on the job within twenty-four hours.

In a telegram from Paul Love, Regional Scout Executive, received at the local Scout Office today, one Cub Pack in Wilkes-Barre has already turned in pledges for fifty-four hundred dollars, and one Scout in Hershey, discovered a prospect who signed a pledge for a million dollars. This is encouraging word for the local boys, be-

### 24 KILLED IN DISASTER TO BIG AIRLINER

Giant Transport Bursts Into Flames and Falls Into The Mississippi River

### WRECKAGE DISAPPEARS

Memphis, Feb. 11—(AP)—The Coast Guard reported today that drag lines had located part of an American Airlines transcontinental plane that crashed into the Mississippi river with 24 persons aboard.

A cryptic radio message from patrol boats to headquarters here said merely "piece of plane found." Later contact with the boat said it "definitely" was part of the plane.

The Coast Guard and U. S. Army engineers were conducting the search in a 22-foot channel 15 miles below Memphis, where an employee of the engineers said he saw the ship crash and explode.

Several crewmen with the U. S. engineers reported hearing the plane flying low overhead and one said he saw it hit the water and sink seconds after being enveloped in flames.

Coast Guard boats and several searching parties, including one from the Memphis office and another of agents from the Federal Bureau of Investigation, searched the area without success for three hours before daylight.

At least 10 of the 21 passengers aboard the plane, Flight No. 2, which stopped at Dallas and Little Rock, were members of the armed forces.

Weather conditions at the time the plane reported itself near the river—seven minutes before due in Memphis—were described as "scattered, broken clouds" with the temperature near freezing.

New York, Feb. 11—(AP)—An executive and two employees of the Sperry Gyroscope Company, which described them as "three of the most promising young engineers in the United States," were passengers on the airliner which crashed last midnight near Memphis.

Sperry officials said that the (Turn to Page Eleven)

### Supplies For Prisoners of War Delayed

Washington, Feb. 11—(AP)—Relief supplies intended for American prisoners of war are piling up in Russia, stalled at the threshold of Japan by the diplomatic red tape Tokyo has used to prevent their delivery.

This was disclosed by Senator Thomas (D-Utah) today coincident with the formation of a National Federated Bataan Relief Organization to "obtain relief for all our armed forces who are held as Japanese prisoners of war, their release as quickly as possible, and their safe delivery home."

Dr. V. H. Spensley of Albuquerque, N. M., chosen national chairman by the 60 delegates who formed the organization to coordinate the activities of 37 smaller groups, said this includes prisoners taken at Wake, Guam and China as well as those of the Philippines.

Back the Attack—Explosion Reported  
A blast about midnight has been reported by a number of persons about town. Investigation has failed to bring to light any explosion that might have taken place and police have no report of the matter.

### Boy Scouts Organized to Stage Concerted Drive Saturday to Sell Fourth Loan Bonds

Back the Attack—Cause it is evidence of the fact that there are still a large quantity of bonds to be sold—if somebody goes after them.

Alexander Flick, representing the speakers committee of the Warren County War Finance Committee will address the Scouts and Cubs at their Anniversary Week "Get-Together" program tonight at the High School to show the need and the opportunity the boys will have during the next few days to render a man-sized job for "Uncle Sam."

The Troops and Packs and their territorial assignments for this "gleans" project are as follows: Trinity Memorial Church Troop No. 1, Dr. William Ball, Scoutmaster, the entire section west of the Pennsylvania Railroad tracks to the borough limits; Grace Methodist Church Troop No. 2,

### Over 400 Expected to Appear At Blood Bank First of Week

Over 400 persons are appearing at the 14th visit of the Red Cross Blood Bank which will operate in Warren next Monday and Tuesday. It is hoped there will be 370 or more of this group who will be actual donors.

This visit of the Blood Bank is a week earlier than usual as the dates assigned to Warren have been the third Monday and Tuesday of each month. In March, and for the rest of the year, the third Monday and Tuesday will again be the dates for these visits.

Among donors appearing Monday and Tuesday are many who last gave in October and November and a good number of first-time donors.

One of Monday's donors will be Mr. Wallace Wright, 1613 1/2 Madison avenue, whose son, Wallace D. Wright, Co. "E", 168th Infantry, was recently awarded the Purple Heart Medal. Private Wright was wounded in action in December, awarded a Purple Heart last month and his family has received the medal and citation papers; sent them by their son.

### Messenger Boy Caught Posing As Nazi Gestapo

New York, Feb. 11—(AP)—A 16-year-old Bronx messenger boy, who the FBI said was enacting the role of a Nazi Gestapo chief, and saboteur in telephone threats to destroy New York's bridges and tunnels, was in the custody of police and federal agents today.

Although the FBI declined to identify the boy, police booked him on a malicious mischief charge as James Gerrity. His calls to the FBI resulted in a heavily augmented guard on vulnerable structures in the metropolitan area.

Although the FBI was virtually certain the calls were the work of a crank or prankster when the first was received last Tuesday, it ordered an alert.

When another call came in last night, an agent held the caller in conversation while the call was traced to a Bronx telephone booth. Police said that when they arrived the youth was still talking to the special agent.

### CAPTAIN OF WACS IS RELIEVED OF COMMAND

Back the Attack—Washington, Feb. 11—(AP)—A WAC captain who filed charges against pretty red-headed Lieut. Virginia Wight, 24, of Philadelphia, has been relieved of her command, Miss Wight's attorney said last night.

James L. Laughlin, appearing for Miss Wight before a special army board, said he had based the statement on information from "War Department official sources."

Capt. Evelyn Rothrock, commanding officer of the WAC detachment at Fort Myer, Va., accused the lieutenant of fraternizing with enlisted women, appearing on the post in slacks and sweater and refusing to obey an order asking for a statement of her finances.

### EXPLOSION REPORTED

Back the Attack—A blast about midnight has been reported by a number of persons about town. Investigation has failed to bring to light any explosion that might have taken place and police have no report of the matter.

### HUNS BEING SLAUGHTERED LIKE SHEEP

Corridor Around Ancient Town of Korsun Reduced to a Bare Five Miles

### GREAT DISASTER NEAR

By EDDY GILMORE  
Moscow, Feb. 11—(AP)—The Red army's seven spearheads thrusting against the steadily-diminishing circle of death around Nazi forces in the Dnieper bend were hacking German-held salients to pieces to day and relentlessly cutting down all who refused to surrender.

Red Star, Soviet army organ, said the Germans were being slaughtered like sheep on the open steppes and declared the entire garrisons of the villages of Yakimov and Myled had been exterminated as two Russian columns isolated them from other Nazi units retreating toward Korsun.

Coming events may prove Korsun one of the bloodiest spots on the eastern front. If the Nazis continue to fight back and refuse to give up in the face of sure death, it is a very old town of about 10,000 population.

The corridor had been reduced to a bare five miles width and 15 miles length and inside were the remnants of 10 German divisions, or between 100,000 and 150,000 German soldiers whose slaughter or capture promised to be the greatest single German disaster since Stalingrad.

Many inhabitants of Korsun and other towns within the circle have made their way to the Soviet lines by night, but the civilian population within the ring of Soviet guns was still a problem. Bent on completely wiping out every German, the Russians were forced to use tanks and tommyguns in running down their foe and refrain from using their heavy artillery in a blinding barrage.

Indications are that no German officer had been able to escape the encirclement in the last 48 hours. To the south another body of Germans was threatened with encirclement in the Krivoi Rog area by Red army thrusts to the north, south and east of that mineral center, but the Germans showed no signs of attempting to get out.

Even if they pulled out it would be a race for them to get to Kheron at the Dnieper's mouth or at Nikolayev before the Russians cut their escape route in their advance westward from Apostolovo.

### Prosecution Urged In Cave-In Death

Pittston, Feb. 11—(AP)—A demand for criminal prosecution in the death of two-year-old Julie Ann Fulmer, who was swallowed by the earth in a mine cave-in, arose today in this mining city built on a shelf over active and abandoned anthracite workings.

The city council resolved that proceedings against coal companies should be instituted "if criminal negligence is disclosed" in a coroner's inquest.

The council met three days after the earth gave way under Julie Ann's feet as she toddled along a quiet residential street. Rescuers recovered her body 32 hours later.

Mayor John J. Reilly told the council that representatives of several anthracite region municipalities would meet soon to draw up prospective state legislation to give greater protection to owners of surface property over mines.

### JAMES SWORN IN AS SUPERIOR COURT JUDGE

Allentown, Feb. 11—(AP)—It's Judge Arthur H. James again today. The former governor, appointed to the supreme court by Governor Martin was sworn in last night by Superior Court Judge Claude T. Reno, who was attorney general when James was chief executive. James thus returned to the court from which he resigned to become governor.

The Plymouth, Pa., lawyer replaces the late Judge Joseph Stadfield of Pittsburgh. He will seek the Republican nomination for a full 10-year term at the April primary.

#### FOR PEACE, TOO

"Nobody knows when total victory will come—but we do know that the harder we fight now, the more might and power we direct at the enemy now, the shorter the war will be and the smaller the sum total of sacrifice."

That's the Commander-in-chief talking and you can't get a better authority on the question which is uppermost in everyone's mind: "When is the war going to end?"

In the case of War Bonds, however, you have just as good a reason for buying Extra War Bonds for peace as for war. After the din of battle dies away, you will count up the cost of the war to you. Every dollar you have put away in War Bonds will be on the asset side. Your War Bonds will be the one certain good thing you personally will have out of this war. With the money saved away in Bonds you can do so many things for yourself and your family.

Your first duty—your patriotic duty—is to buy Extra War Bonds to help your country. However, even if victory were only a moment away you still should buy Extra Bonds to help yourself.

"Let's all Back the Attack" with Extra Bonds today and every day until victory.

### TIMES TOPICS

#### HURRAH FOR MURPHY!

Another firm doing business in Warren County has allocated a portion of their bond-buying to the County. The G. C. Murphy Company was today added to the list of such firms in the amount of \$2,000.00.

#### WOLVERINES DROP ONE

Johnstonburg High School stopped the Sheffield Wolverines on the winner's floor Tuesday night 51 to 21, for the Orange and Black's worst defeat of the season.

#### PLAN PARTY AT FARM

The farm of Register and Recorder O. E. Loper, on the Miller Hill road, will be the scene of an enjoyable party next Wednesday evening. The invited guests have not as yet decided whether they are expected to split a few cords of wood or carry water to the herd of registered cattle housed in the barns at the present time.

#### CHANGES IN AIR MAIL

Schedules in the flight of the air mail planes through Warren have been announced effective February 28. Trip No. 6 arrives from Pittsburgh at 9:25 instead of 10:10 a. m. Trip No. 16 arrives from Pittsburgh at 1:32 instead of 2:17 p. m. Trip No. 5 leaves for Pittsburgh at 10:13 a. m. instead of 10:58 a. m. and trip No. 15 leaves for Pittsburgh at 5:35 p. m. instead of 4:35 p. m. The longer hours of daylight makes it possible to adopt this schedule which is more advantageous to the users of air mail service. There is a gradual increase in the use of the service and especially is this noted in mail for men in the service stationed in southern and western camps.

#### GET FERTILIZER NOW

The County Committee of the Warren County Agricultural Conservation Association advises all farmers to order their 20% superphosphate for spring seeding from their regular dealers, and not to depend on receiving the super ordered through the Association in time for use with legume seedlings in oats. Size of present allocations of this material to this county indicates that shipments to some sidings may be delayed until summer or early fall. It is recommended that farmers contact their regular dealers immediately and order what fertilizer is needed for spring use, and that Triple-A super be used on pasture or meadows when it arrives. There is no program payment this year for applying superphosphate or lime.

## Scout Leader To Give Health Week Address

According to an announcement released today by Physical Director Parmelee of the local Y. M. C. A., Chester R. Seymour, Warren county Boy Scout Executive has been secured as the speaker for the Health Jamboree to be held Saturday. He will use as his topic "The Importance of Posture."

Mr. Seymour, a graduate of the YMCA College at Springfield, Mass., majored in physical education and holds a B.S. degree for this work. He has been associated with the Boy Scout movement since his graduation from college in 1936 and has done notable work in this field. Both in academic training and choice of work qualifies him to discuss this subject.

Two movies will be shown in conjunction with the talk. One a sport short will depict two well known Professional Ice Hockey teams in action. This is made more interesting due to some slow motion action shots. The other will be a film on "Posture" to coincide with Mr. Seymour's talk. This film has been secured from the Children's Bureau at Washington, D. C. Pamphlets on this subject will also be available. The winner of the poster contest, conducted through the schools, will also be given due recognition at this time.

The Jamboree is scheduled for 7:15 p. m. and Boys Department members, their friends and parents are cordially invited to attend. Following the event free admission to the Y.M.C.A. Basketball league games being played that night will be permitted.

## STRICTLY OUT OF THE HAT

AP Features

WHEN a magician produces a rabbit out of a hat, it's a good trick. But when the rabbit gets the wanderlust, and disappears before he can be produced, it's an even better trick—on the magician! Here Arnold Furst, USO Camp

Shows entertainer now overseas, shows how Oscar the rabbit spoiled his thunder. Apparently Oscar, who has traveled with Furst all through the South Pacific battle area, has learned a few tricks of his own abroad.

"Here, folks, is an 'empty' hat... My magic wand is all I need to make a rabbit jump out... Presto!... Yipe! Now the rabbit's playing tricks!"

## Snow Given Welcome By Farmer Folk

Farmers who have been fearful of a drought due to the slight precipitation over this section of the state are breathing freer today after the snow fall of last night. About two inches of snow fell over this area with slightly more near Corry and at Ridgway six inches is reported covering the ground.

Temperatures in this vicinity yesterday were marked by slight change as the mercury registered 26 for the highest and 20 for the lowest over night. The temperature is not rising today to any marked degree. Further snow falls are reported.

Highway employees are watching the roads to prevent their becoming slippery and dangerous and cinderling chrews are at work throughout the area.

### Back the Attack

### MAKE GET-AWAY

Reports reached the police station that a drunk on a bicycle was robbing his way through traffic on Pennsylvania avenue about 3:55 last evening. The cops had visions of the fellow zigging when he should zag and being run down by a car so launched a life saving expedition. The wobbly bike rider however had evidently put on a burst of speed and got far away before the coppers arrived.

**SENSATIONAL BATTLE**

"The fierce struggle for the Anzio-Nettuno beachhead, south of Rome, looks as though it might become one of the sensational battles of the war—and a bloody one," predicts DeWitt MacKenzie, Associated Press war analyst.

It isn't great in the sense that it can be decisive, whichever side wins. Its importance lies in no small degree in its moral effect.

The enemy's violent attempt to annihilate the Anglo-American force in the big beachhead is part and parcel of the delaying, psychological war which Hitler is waging in an effort to gain time.

We see the same thing on a monumental scale in the Dnieper bend on the Russian front. There the Nazi high command has long been risking half a million men in a fantastically dangerous holding operation which is more than half political. He's protecting the gateway to the Balkans to prevent a revolt among his satellites there.

So it is with the Anzio-Nettuno beachhead. Hitler needs a spectacular victory to impress wavering supporters and hand his stricken people a ray of hope. He must persuade friends and foes that Germany is still a mighty power.

Official reports say we have been holding our own. However, the position is difficult for us. The Germans, who apparently possess numerical superiority, are on high ground which overlooks the beachhead. They're flinging everything they can get hold of at our men.

Still, we have air superiority—an invaluable asset—and a naval fleet off shore backing us up. Officialdom expresses confidence we shall win the day.

One of those whom Hitler is trying to impress with a beachhead victory is little Finland. The Helsinki government is burning midnight oil over Secretary of State Hull's warning that the Finns must quit Hitlerdom or their blood will be on their own heads.

That's a fair and friendly notice. It's not wholly unselfish, to be sure, but it smacks of Auld Lang Syne and certainly is impelled in large degree by the wish to save Finland from herself.

What the Finnish government must recognize is that this is the showdown. Moscow is furious—as witness today's further Red bombing over Finland. Hitler no longer can aid the Finns, and by the same token it's unlikely that his harassed and retreating army could do them much harm if they deserted him.

**GIVE A PINT OF BLOOD!**

Thousands upon thousands of fighting men owe their lives to the miracle of blood plasma.

Two pints collected by the Red Cross are in the veins of 19-year-old Gunner's Mate, Third Class, Nelson Halt of Weeksbury, Kentucky. He floated in the water five hours with 42 shrapnel and bullet wounds in his young body after submarines blasted his patrol boat in the icy waters of the north Atlantic. Nelson Halt now is back in active service.

The Red Cross Blood Bank will be at the Municipal building Monday and Tuesday. By donating a pint of your blood, you may save the life of a serviceman or woman.

"Boys and girls are becoming more and more economically maladjusted because of conditions growing out of the war and the times; religion must be made vital to them so that they realize they have a life to live and not merely a million to make," says Dr. Franklin P. Hawkes, superintendent of schools in Springfield, Mass. He is hopeful for youth, but urges the church to be awake to needs, trends, and opportunities. "Boys and girls are becoming more and more emotionally unstable," Dr. Hawkes added.

The important place that potato growing has achieved in the agriculture activity of the county is emphasized by the meeting held yesterday by the Warren County Co-Operative Potato Growers' Association. According to all reports a bumper crop will be raised this year again.

Republican leaders in the six-county 19th congressional district, meeting in Warren Thursday, showed excellent judgment in endorsing Leon H. Gavin, of Oil City, for another term as representative in congress. On his record he had that coming!

When that Boy Scout rings your doorbell tomorrow, "be prepared." He's going to ask you to purchase a War Bond.

Tomorrow is a bank holiday, so don't try to break into any of the local moneyed institutions.

**Washington in Wartime**

**By JACK STINNETT**

WASHINGTON—About 99 per cent of the dollar-a-year executives and big business bigwigs who come to Washington to take over war jobs arrive with banners flying, a 21-gun salute from press and radio, and predictions that victory on their particular sectors of the home front is now a foregone conclusion. From there on a generous number of them flop miserably.

Theodore Roosevelt Gamble, 37, however, is one young man who has reversed the order of things. He acquired his handle because Papa Gamble had an intense admiration for the man who was president when Ted was born in Nevada, Mo.

He's Uncle Sam's No. 1 bond salesman—the man who put over the immensely successful Third War Loan Drive and has just launched the Fourth, with predictions in government and financial circles here that it will go over the top, too, by a couple of billion or so.

WHAT is more important, Gamble is concentrating on individual investors and institutions. In the Third War Loan Drive, Gamble's war finance division, in which his official title is national director, sold two billion more to individuals, partnerships and personal trusts than was sold to these groups in the Second Drive.

This is something, if you will, mark back to June of last year. Secretary of the Treasury Morgenthau and just taken the National War Loan drives away from the Victory Fund.

One of his district directors who formerly stormed at his appointment was asked recently, "What's Gamble got that anybody hasn't?" He answered, "Darne, if I know unless it is that in sticks at his desk 12 to 16 hours a day and seems to inspire every one who works with him to do likewise."

**Hollywood Gossip**

**By ROBBIN COONS**

HOLLYWOOD—Deanna Durbin used to bite her fingernails as a youngster, and still does on occasion—to her manicurist's despair.

"It's a funny thing," said Deanna. "My manicurist sees my pictures and her first comment is on how my hands looked. With my hairdresser it's the same—all she can see is my hair. And I suppose it's the same with everybody working on the set. The electricians notice the lighting, the camera crew sees the photography, the wardrobe workers the clothes, and so on."

And what does Deanna see in a Durbin movie? She laughs and says, "Well, I have to see them twice. The first time all I can see is me!"

THAT movie title last year said the moon was down, but it was kidding. There's a "Moon over Vermont" and a "Moon over Las Vegas," to say nothing of all the mooning over Sinatra. . . . Hilary Brooke, the blonde siren in "Jane Eyre," "Ministry of War," "Road to Utopia," etc., is one that exotic town, Brooklyn. Hilary began in pictures playing bits, always the same kind: I was the woman in the powder room who looked at the star and giggled. My dear, what a beautiful dress! I was the passing

blonde with the roving eye. I was the incidental, predatory feline. I still am, only the parts are bigger—and I love it, being the other woman."

Mark it a hit, or Joan Harrison, the woman producer, her "Phantom Lady," mostly about a woman's hat, knocks familiar woman-dumb technique into a cocked one. . . .

**TOWN CHARACTER** Mike Romanoff, the restaurateur, was the subject of a never-filmed movie script, a script stymied by lack of a fitting ending among other things. Masquerading profitably for years as "Prince Mike" of the Russian imperial house, the one-time Jarvis Gurguson still maintains the pose, though tongue-in-cheek, as he plays mine host at his excellent, expensive eatery. One script ending had Mike face a death penalty rather than confess he was not a Romanoff. But Mike Orson Welles suggested ending better: He, Welles, corners Mike, who pales as Orson talks: "Your Imperial Highness, only the depths of my extremity compel me to do this. I must have \$100,000 right away. You understand, Mike, that if I were not desperate I would not do this thing. But I need the money—and unless you come across it I must tell the world that . . . you are not Harry Gurguson at all. . . . you are REALLY Prince Mike Romanoff!" . . .

## Mrs. Canfield Oldest Charter Member At DAR Chapter's Birthday Luncheon

Mrs. Olive Canfield, who will be 90 years old this summer was the oldest charter member present Thursday afternoon for the birthday party of General Joseph Warren Chapter, Daughters of the American Revolution, held in the YWCA with a beautifully appointed one o'clock luncheon.

Five other charter members present for the day's festivities were Mrs. F. C. Eaton, Mrs. Ray Pickett, Mrs. P. W. M. Pressel, Miss Harriette S. Rogers, Mrs. Wilson Waters. Not present were Mrs. Wilhelmina Bancroft, Miss Inez Brownell, Mrs. H. W. Conarro and Miss Eva Pelton.

Other special guests at the luncheon were Mrs. L. S. North, a DAR member at large from Punxsutawney; Mrs. Jane MacDonald, member of Sally Wister Chapter at Bradford; Mrs. Sanford Secor, of Sheffield. In addition there were a number of local guests, all of whom were recognized by Mrs. Leon Laskaris, regent, in her welcome which followed the serving.

Table appointments, the work of Mrs. Warren R. Carlin, called attention to birthdays of the country's two presidents, Lincoln and Washington, with cherry trees in blossom, cherry logs holding pastel tapers and a cabin built of Lincoln logs.

After the group had adjourned to the parlors, Mrs. Laskaris opened the meeting with a recital of the DAR's objects, Mrs. A. F. Kottcamp, chaplain, conducted devotions and Miss Rogers led in the pledge of allegiance and American's Creed. Reports were given by Mrs. W. G. Cable and Mrs. Pickett, with the regent calling attention to those members who are ill.

Members elected delegates to attend the Continental Congress sessions to be held in New York in April, with Mrs. Laskaris and Mrs. Carlin as delegates; Mrs. H. J. Granquist, Mrs. W. G. Cable, Mrs. T. L. Armstrong and Mrs. William Yeager as alternates.

Mrs. Carlin then presented Mrs. Yeager, Mrs. Harold Flowers and Miss Anna Louise Kahl in a musical and dramatic program. Mrs. Flowers played "Windy" and "Whims" by Schumann and a piece of her own composing; Mrs. Yeager sang an old Welsh song, "Miganwy"; "Cradle Song" by MacFayden and "Love's on the Highway" by Rogers. Miss Kahl's three humorous readings were "The Abandoned Elopement," "Naming the New Baby" and "Ma Turns to Tutoring." The program was concluded with all singing "America".

Never before in previous years (and never again, we hope) have we ever offered such sensational savings, such enormous reductions, such truly fantastic bargains on such a large group of coats. But in the past season we bought and sold more coats in a single season than we'd sell in several ordinary ones, and it's reasonable to expect that such a wild season of buying and selling would find us with too much of some things—and rather than carry them into another season we'll sell them at some price, regardless of the loss we sustain.

Thank your lucky stars for such a sale... buy a new coat to prolong the life of your fur or fur-trimmed coat... buy a coat for work, for school, for just all-around wear... spend your coat money at Miller's and you'll have extra dollars to spend on War Bonds.

## WHY I DON'T GO TO CHURCH EVERY SUNDAY

I no longer believe in God. I do not believe Church going is necessary.

I am no longer interested in religion. I do not need the church.

I do not need God. Warren does not need churches. I have nothing to be thankful for.

I do not like the services. I do not understand the services. Worship does not seem real.

I do not like the music. I do not like the sermons. The sermon is too long.

The sermons do not deal with the Bible and its interpretations. The church is not attractive enough.

People will think I am peculiar if I go to church every Sunday. If I go to church every Sunday I will have to change some of my habits.

If I go to church every Sunday I will have to give up some of my friends. If I go to church regularly I

will have to neglect my family. My family does not want me to attend.

I am tired on Sunday. I can worship God in the woods. I let my family go in my place. I work late Saturday nights.

I prefer Saturday night parties. I am not well enough to attend church.

I cannot afford to dress properly. I work every Sunday or every other Sunday. (One Sunday a month, check).

Church services are held at the wrong hours. I would prefer a service at 10 o'clock.

I am not good enough to attend church every Sunday. I have never been asked to attend church.

My religion is my own business. I do not like questionnaires of this sort.

The service is too long. I can get a good service over the radio.

The people are not friendly. I had too much church as a child.

### Church Notes

In observance of Boy Scout Sunday Rector Beecher M. Rutledge, of Trinity Memorial Episcopal church, has planned a special service for 11 a. m. of that day. All former Scouts, active Scouts and those interested in Scouting are cordially invited.

Pastor Wallace Johnson announces a special service will be held at 3 p. m. Sunday in Chandler's Valley Lutheran church, when there will be an unveiling of the retouched altar painting, John Krozmann, artist from Chicago. In spent several days last week in the village and made some notable changes in the old painting. Dr. Felix V. Hanson, of Jamestown, who is the New York Conference president, will be the speaker.

Other events scheduled in Pastor Johnson's parishes in the coming week are: Martha-Lorcas Society in the Valley church parlors at 2 p. m. Thursday, entertained by Mrs. Leslie Anderson and Mrs. Florence Wilson; Brotherhood of Saron church in Youngsville will be hosts to the Methodist Brotherhood at 8 p. m. Wednesday in the church parlors; also at the church on Sunday there will be special attention to Boy Scout Sunday with the Scouts attending the morning worship period; Berea Luther League at Freehold will meet at 8 p. m. Friday.

### Panel Program In First Presbyterian

A panel discussion on "Your People in the Church" will feature the First Presbyterian Church of Tomorrow service at 8 p. m. Sunday, K. W. Davis will direct the panel, assisted by Martha Rasmussen, Janet Cannon, Nan Schwartz and Brackett A. ers.

Jay White will preside at the service, with Donald Unang reading the Scripture and Charlotte McComas leading in prayer. The young people's orchestra will play and the Westminster Chorus will sing "My Heart Ever Faithful" by Bach. The sing will be wearing their new vestments for the first time.

For the morning worship period, Pastor Harold C. Warren will use as his topic "Some Marks of Manliness" and special guests will be Boy Scout Troops 4 and 8 and the Pioneer Troop to observe Boy Scout Week. Jackson Barrell will play the organ numbers, "Pastorale" by Guilmant and "Hymnus" by Liszt. The choir will sing "The Morning" "Built on a Rock" and a quartet will sing "Hark! Hark! My Soul".

## Pressel Will Plan Program

President Howard Alexander was in charge of the Thursday night board meeting at the YMCA, when O. A. Pressel, a trustee, was named chairman of a committee to prepare several events for the 1944 observance of the international YMCA centennial. H. G. Eaton will represent the board in preparing such activities.

Consideration was given to the constitution of the Council of Community Agencies, after which it was approved and Mr. Alexander and Secretary R. H. Wagner were named as representatives.

A new standing personnel committee was named with R. L. Blodgett, chairman; A. E. Johnson, W. E. Yeager and R. R. Young.

There was discussion of the district directors meeting to be held in Corry March 9 and it was voted to send representatives, these to be named later.

Mr. Young, who was recently appointed chairman of the religious work committee, reported his group is being reorganized with new personnel and that plans are under way for several special observances of the Lenten season.

Secretary Wagner and William Parmelee presented reports, showing a most active program for the month of January.

## Interesting Pictures In Bank Window

In the news picture frame in a Liberty Street window of the Warren National Bank, there are some interesting photographs which have local significance. These are four pictures of the "Water Buffalo", an amphibious armored vehicle used by the U. S. army in effecting landings during invasions like those now taking place.

These photographs are released for publication through official sources, and are furnished by the Food Machinery Corporation, manufacturer of the LVT "Water Buffalo". The DeLuxe Metal Furniture Company of Warren manufactures special tool boxes, with two of these being installed in each vehicle. The local company is already made a large number of the boxes and is planning for any more to be supplied in the future, and therefore the photographs will attract more than ordinary attention in such news pictures.

## Launch Plans for War Fund Campaign Coming In March

Meeting yesterday afternoon in the office of the Warren Bank and Trust Company members of the Red Cross War Fund Executive Committee discussed the coming War Fund Campaign and approved figures which set Warren County's quota at \$44,200. The national quota is \$200,000,000.

Tentative plans call for the opening of the Red Cross War Fund Campaign on March 13th, to run 10 days, and close on March 22nd. During this 10 day period an intensive drive will be conducted in all parts of the Borough and County that will give everyone an opportunity to make their annual subscription to the Red Cross War Fund which is so actively and efficiently serving men in the armed

forces, both at home and in some 28 foreign countries and stations. Those present at yesterday afternoon's meeting were: C. J. Crary, chairman Warren County Chapter, American Red Cross; Hon. Allison D. Wade, War Fund chairman, Chester S. Allen, H. N. Elmquist, Paul Harrington, Donald E. McComas and Byron W. Knapp.

The annual War Fund Campaign, held in March each year, is the only solicitation made by the American Red Cross. The Red Cross was not part of the group of agencies for which a campaign was waged in October past, which comprised members of the Community Chest, the USO and other agencies for relief of certain occupied countries.

## TIMES TOPICS

**RATION IS CUT**  
Official announcement was made today that the next whiskey ration period will be seven weeks. The period just closing has been one of six weeks. One fifth of liquor is all that will be sold during the coming period and the thirsty folk who have not received their allowance for this period may have a long dry spell ahead of them as the State Store will be closed all day tomorrow and the new period opens on Monday.

**PET FOX SHOT**  
Frank I. Iseman, RD 1 for some time past has been carefully nurturing a young fox which he secured when it was just a pup. The animal was growing in fine shape and was showing some signs of becoming quite tame. However a short time ago it broke its fastenings and with a piece of chain dragging made its get-away. Yesterday the fox was shot by a fox hunter in Pleasant township and it still had a section of the chain attached to its collar.

**IS GIVEN HONOR**  
Second Lieut. Oliver M. Jones, of Union City attached to Company I, 112th Regiment from this city has been awarded the Silver Star by officials of the Fifth Army unit somewhere in Italy. Courageous cover of his platoon's withdrawal while under enemy fire during which he suffered serious wounds last April 28 in the vicinity of Mateur, Tunisia, brought the citation. He was attached to the local company at Camp Livingston, La., in August 1942 at Camp Livingston, La.

**DINNER HELD HERE**  
The monthly meeting of the local section of the American Chemical Society was held Thursday night at the Carver House, with dinner at 6:30, followed by an address by E. G. Capell and R. C. Some women and girls are now being used in woodwork in McKean county.

**SKATING PARTY ENJOYED**  
Several of the employees of the Warren National Bank held a skating party last night and enjoyed the beautiful moonlight evening on the ice at Skinner's Pond. Some of the younger employees who came to the assistance of those who had not skated for several years, remarked that instead of a skating party, the event might have been called a "hold up". Those who joined in the outing last evening were Shirley Allen, Dorothy Bimber, Guy Edris, Ethelyn Gilson, Mr. and Mrs. Clayton Kyler, R. W. Mackay, Rose Maybank, Harold Mead, Letah Peterson, Dominic Randinelli, Edward Rasmussen, Patricia Simmons, and Mary Yarzabek.

## Forge and Bakers Winners In Fast Contests Played Before Large Crowds Thursday Night

### TEAM STANDING

Team	W	L	Pct.
Forge	4	0	1.000
O'Connors	2	1	.666
Bakers	0	3	.000
Struthers	0	3	.000

Leading the pack in scoring was Korchak for the Irish with twenty points, Nelson high for the Forge getting in all 12.  
Saturday the opener will be between Struthers and Blomquist. The second game sees O'Connors meeting Bakers.

Two sizzling games were the prizes handed out to the spectators last evening at the local Y. M. C. A. The opener saw the Bakers' Cleaners causing an upset when they defeated the Struthers-Wells team 33 to 28. Playing heads up ball all the way, and perhaps aided by the fact that they were wearing their new uniforms for the first time, the 3rd Avenue boys measured and cut to fit a suit that the Struthers boiler makers found fit too tight. They were aggressive and never gave their older opponents a chance to get set. High scoring honors went to Jig Bonavita of Struthers with 12 points. Peterson of the Bakers' team was next with 11.

The game between the Forge and Sheffield saw basketball played as never before this season at the Y. Pawk started the hostilities off the first minute when he sunk a shot. This started the Forge to clicking and it was nearly half of the first period before O'Connors got a point. All during the first half O'Connors looked bad and missed easy shots consistently. They appeared to be confused while the boys from Irvine seemed to be quite confident and had things well in hand. When the whistle blew for half time Forge was way out in front 27 to 14. Both teams came back from the strategy. Five minute rest to go to work on each other. Whatever it was that Nick Otto told the boys it sure worked. In five minutes O'Connors had scored 9 points against the Forge's 2. This brought them into the game again as the book said 29-23 favor of Forge. Henceforth it was nip and tuck with both teams and when Joe Waples sounded the whistle ending the game Forge was out in front by the narrow margin of one point.

challenged the senior group and tension has grown to great proportions between the teams in anticipation of their carding as the "main go" on tonight's program, starting at 8 p. m.  
Starting off the evening will be several high school teams playing at half hour intervals and will feature the second squad on deck at 7:00 p. m. for their playoff battle.
